

A woman with long brown hair is wearing a sleeveless dress with a white upper section, black side panels, and a red and grey lower section. She is standing with her left hand on her hip.

# PFAFF

Perfection starts here.™

What  
makes  
it so  
perfect?

The logo for IDT, featuring the letters 'IDT' in blue and a stylized 'M' composed of two triangles, one red and one blue, with a 'TM' trademark symbol to the right.

**IDT**™

The Original! Only from PFAFF®  
for over 45 years!

The IDT™ System is integrated with the machine and can be engaged or disengaged as desired.

## Original IDT™ System – Integrated Dual Feed from PFAFF®.

The ultimate in piecing perfection.  
Perfect seams on all fabrics.

The time-tested PFAFF® Original IDT™ System guarantees the optimal feed you expect on all kinds of fabrics.

Everything stays in place. Lightweight and silky fabrics don't pucker; stripes and plaids match perfectly; curved seams are easy, with very little pinning required. The Original IDT™ System is exceptional for grasping and feeding small fabric pieces, with maximum precision and professional results. Your PFAFF® sewing machine effortlessly moves from a single layer to multiple layers and even sews over bulky seams with no hesitation.

The Original –  
only from PFAFF®.  
For over 45 years.

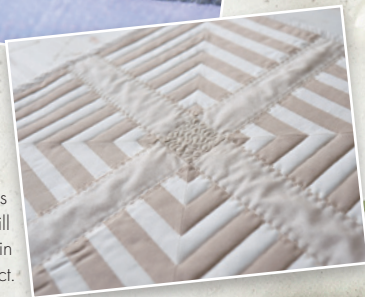

**IDT™**

Absolutely even  
fabric feed from  
both the top  
and the bottom.

It is easy to achieve perfect topstitching - even on a quilt thanks to the even feed of the PFAFF® Original IDT™ System.

Quilt blocks and piecing will match perfectly in every quilt project.

## "I can't live without the IDT™ System!"

"The fact that the dual feed is built-in is a dream. I don't have to bother trying to put a walking foot on - it's already there!"

— Catharina S.  
Passionate quilter of 20 years  
Burseryd, Sweden

The Original IDT™ System is particularly useful when piecing your quilt where shapes and points need to line up perfectly. Quilting layers of fabric and batting becomes effortless because the layers are fed simultaneously from the top and the bottom.

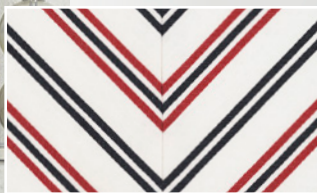

Sewers all over the world are amazed.  
Quilters quickly discover why the  
Original IDT™ System is outstanding.

**“The IDT™ System is irreplaceable!”**

“I’ve always counted on IDT™ to let me sew on all different types of fabrics with success. I use many delicate, slippery and stretchy fabrics and because IDT™ feeds both top and bottom layers evenly, the results are perfect. And I love that PFAFF® offers this exclusive technology on almost all of their machines to make it affordable.”

— Susan P.

*Dedicated PFAFF® sewer of 26 years  
Wadsworth, Ohio USA*

Stripes and plaids match exactly. Knit fabrics are not stretched out of shape.

Topstitching on several layers of denim is simple when using the Original IDT™ System, together with heavier thread and a topstitch needle.

Challenging fabric is no challenge at all for the IDT™ System! Sew with silk, velvet, wool, stretch, and more without having to make adjustments - just engage the IDT™ and sew. Perfect results every time!

# PFAFF® offers an amazing number of presser feet designed for the Original IDT™ System!
